Premium Featherweights™; On occasion, we use limited-availability woods as they strike Jonathan's fancy. Finished Premium Featherweights™ are \$55 each for a standard Birch shaft; \$70-75 with a hand-turned shaft. We can suggest a wood to complement or contrast with the whorl of your choice. Some Premium Featherweights™ may

finish
at higher than our 14 g/.5 oz target weight; not all woods available at all times. Most Premium Featherweights™ are finished on a by-request basis, so we do not often have finished Premium spindles available. We are working through our WishList (sadly, now closed). When available, occasional Premium Featherweights™ are announced on the JourneyWheel@yahoogroups.com list and in our Journey Wheel group on Ravelry.

Please contact us if you have a request.
